EDUCATION

Dharmsinh Desai University, Gujarat

October 2020 - May 2024

Bachelor of Technology in Computer Science and Engineering

CGPA: 8.24 / 10.0

Dream School, Dhoraji

June 2018 - May 2020

Higher Secondary School (PCM)

Percentage: 83.67

PROJECTS

CodeStudy | *ReactJs, Redux, MaterialUI, ExpressJs, NodeJs, MongoDB*

[Github](#) | [Demo](#)

- **Cloudinary** is used to store images and pdf securely in the cloud and public URL of documents is used in the database.
- **JWT** token is used for **security** and **token** management and **'bcrypt'** library is to hash passwords for privacy and security purposes.
- **Email verification** is also enabled to stop proxy users and more secure and reliable authentication using the **'nodemailer'** library.
- **Redux** is used for **state management** and keeping states up-to-date as API changes and when action is made.

BookMart | *Java, JSP, Servlet, Hibernate, MySQL*

[Github](#)

- **Hibernate** is used as an ORM tool which maps object-oriented models to relational database tables.
- **Java** is used as a backend and **JSP** is used for creating **dynamic web pages** and using Java inside HTML.
- **Servlets** are used to write and execute concrete business logic when a client request arrives.

Connectify | *ReactJs, Redux, ExpressJs, NodeJs, MongoDB*

[Github](#)

- A MERN stack based web application that enables users to connect to other peoples socially and can 'add friends, chat with friends, post pictures, react to friends posts and can add comments on other friends posts'.
- **React** is used to create **Reusable components** and **MongoDB** is used over SQL because it is **faster** and **scalable**.
- To achieve security, **JWT** token and Email verification is used.

TECHNICAL SKILLS

Languages: C, C++, Javascript, Python, Java, SQL

Frameworks: NodeJs, ExpressJs, JQuery, .NET, Hibernate

Technologies & Tools: ReactJs, Redux, Git, Github, MySQL, MongoDB

ACHIEVEMENTS

- **Knight Badge** holder (Max Rating - 1896, top - 5%) at LeetCode.
- Secured **Global rank 295** in Starters 84 (**Div-2** rated). | [Verify Rank](#)
- **3*** coder (Max Rating - 1737) at CodeChef.
- Solved **1000+** problems on various platforms like CodeChef, Leetcode, Codeforces and AtCoder etc.

CODING PROFILES

- Leetcode: [harsh_sojitra1](#)
- Codechef: [harsh_sojitra1](#)
